Work Experience

May 2010 – Present

SDA Bocconi School Of Management/CeRGAS (Center for Research on Health and Social Care Management) – Università Commerciale “Luigi Bocconi” (Milan, Italy)
Research Fellow and Contract Professor

At Bocconi University, I participated and coordinated several complex and cross-functional research projects. I developed a strong ability to be proactive: take initiatives, think and deliver new solutions and handle objections in a fast-changing and multi-client/stakeholder environment.

The main areas of interest which I have developed during these years and also taught about in undergraduate, graduate and executive classes are:

- performance management
- strategic planning
- network management
- organization
- project management

April 2015 – Present

Fondazione Pontirolo ONLUS (Assago, Italy)

Board Member

I represent the Municipality of Cesano Boscone as a Member of the Board in a Residential Care Facility (60 beds, budget 700,000€). Among my responsibilities: supervising and leading the facility management, project management, handling customer care activities and analyzing feedback, verifying the ability to meet stakeholders' expectations, experiencing working in a team and interacting with cross-functional team at all levels.

March 2010 – May 2010

Multimedia Holding – Ospedale San Giuseppe (Milan, Italy)

Intern at Strategy and Organization Unit

I participated to the development of the “e-Value” project for the Laboratory Medicine processes analysis; I also produced periodic reports for the General Director, by gathering and analyzing information in order to set, monitor and control sales performance and the business plan.
